NOTICE OF COMPLAINT

May 20, 2022

ICMS #: 2022-0392

On May 16, 2022, the OPO received a phone complaint.

The complainant alleges: She was driving home and there was a gentleman driving about 60 miles an hour who swerved into her lane and almost hit her. He lost control of his vehicle and flipped it over. The driver was not hurt and was able to climb out of the moon roof. She wanted the driver to take a sobriety test and get a ticket because he admitted he was speeding and caused the accident. She called 911 and EMS and the Fire Department responded. After 2 hours of waiting for APD, the Fire Department said they had to call a tow truck and get things cleaned up. Meanwhile, APD was at the bottom of [REDACTED] and [REDACTED] blocking off traffic, and never came to where the accident happened. When she called on Friday, she was told the case was closed because the police could not find them. Incident # [REDACTED]

This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.
