

## OFFICE OF POLICE OVERSIGHT

### NOTICE OF COMPLAINT

---

May 27, 2022

ICMS #: 2022-0419

On May 23, 2022, the OPO received a phone complaint.

**The complainant alleges:** Another driver backed his car into her parked car. She called APD and waited. There was a language barrier and the other driver attempted to leave several times without giving information, so she called the police again. Every 30 minutes she called APD. She was told it was not an emergency. When APD makes assumptions, that is how situations get out of control because they don't know anything about the other party. The officer did not arrive until after [REDACTED]. It was explained to her that emergency calls take priority but as a taxpayer, she feels 6 hours waiting for APD to respond to any situation is completely absurd and she plans to file open records request because the public needs to be aware of "selective policing."

*This notice of complaint is a request for Internal Affairs to initiate an investigation to determine if the employee conduct is within compliance of APD policy, Civil Service Rules, and Municipal Civil Service Rules.*
